Slides & Lesson Notes

Days 1–3 · one slide per page, notes below

Day 1: slides 1–20

Day 2: slides 21–40

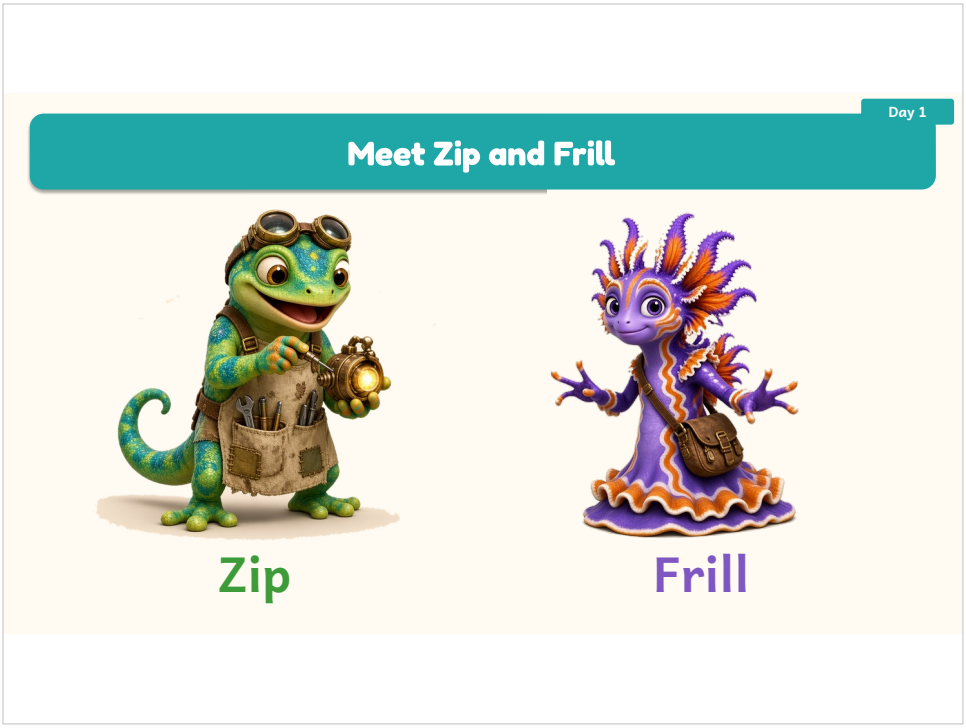

Day 3: slides 41–53

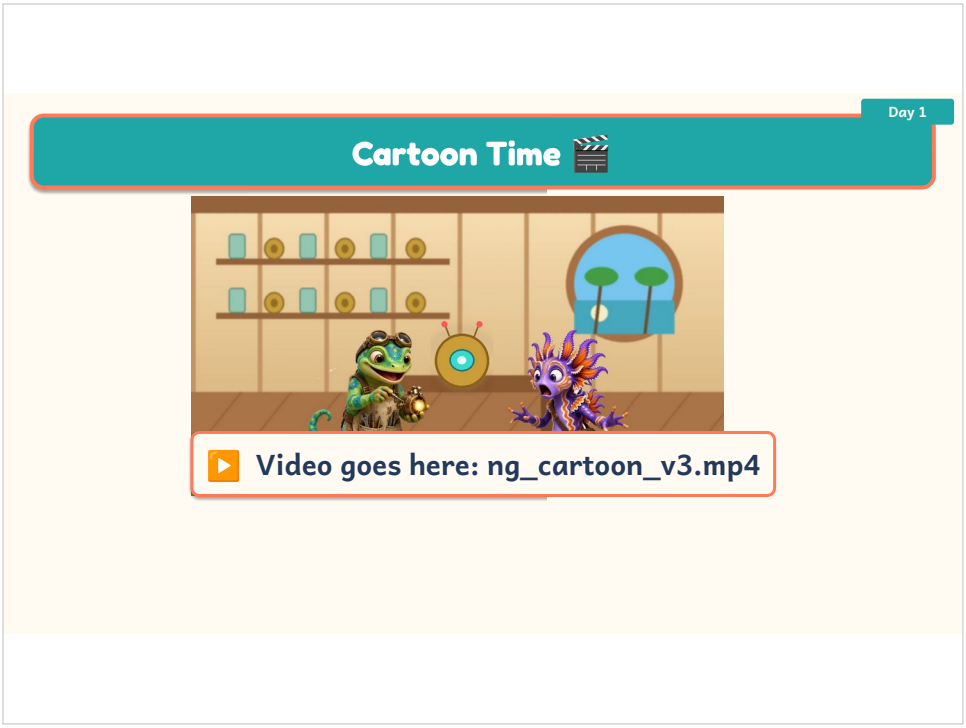

Day 1 - Meet ng. Divider slide: show while students get materials ready.

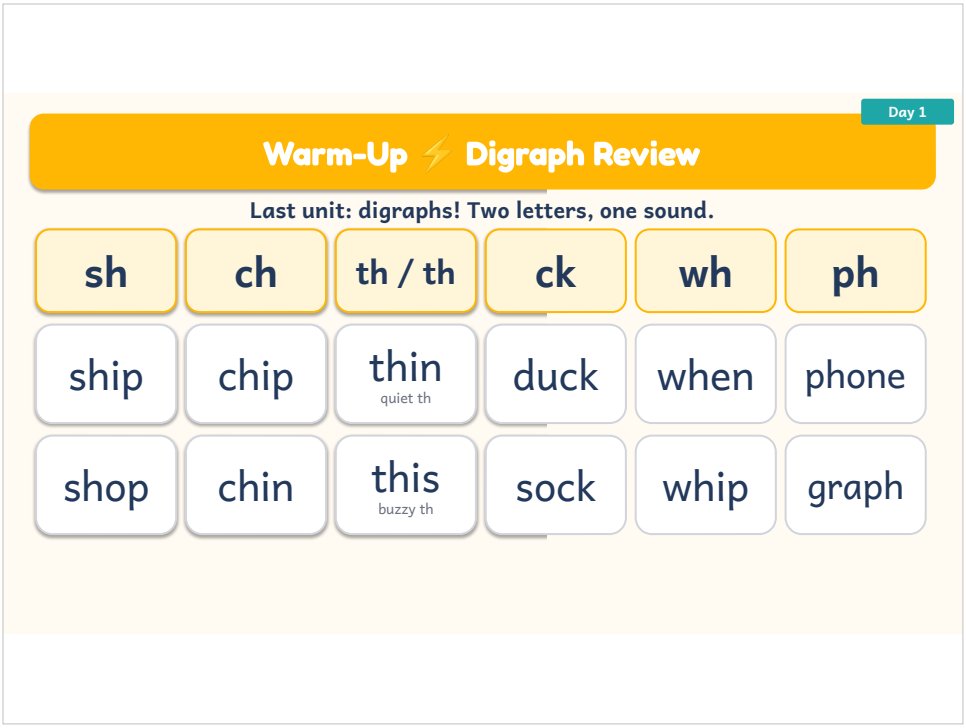

Day 1: Meet ng. Focus: say ng by itself (no vowel), then learn that a vowel in front of ng makes another glued sound: ing, ang, ong, ung (sounds only). Then add s: sing, sang, song, sung, and read more words for each chunk. Heart words: the, was, what, I, to, a.
Materials: Slides Day 1 · ng sound card · chunk cards ing/ang/ong/ung · whiteboards + markers · Daily Practice Sheets, Day 1 (Picture Match).
GET READY (2 min): packets out, start the class timer.

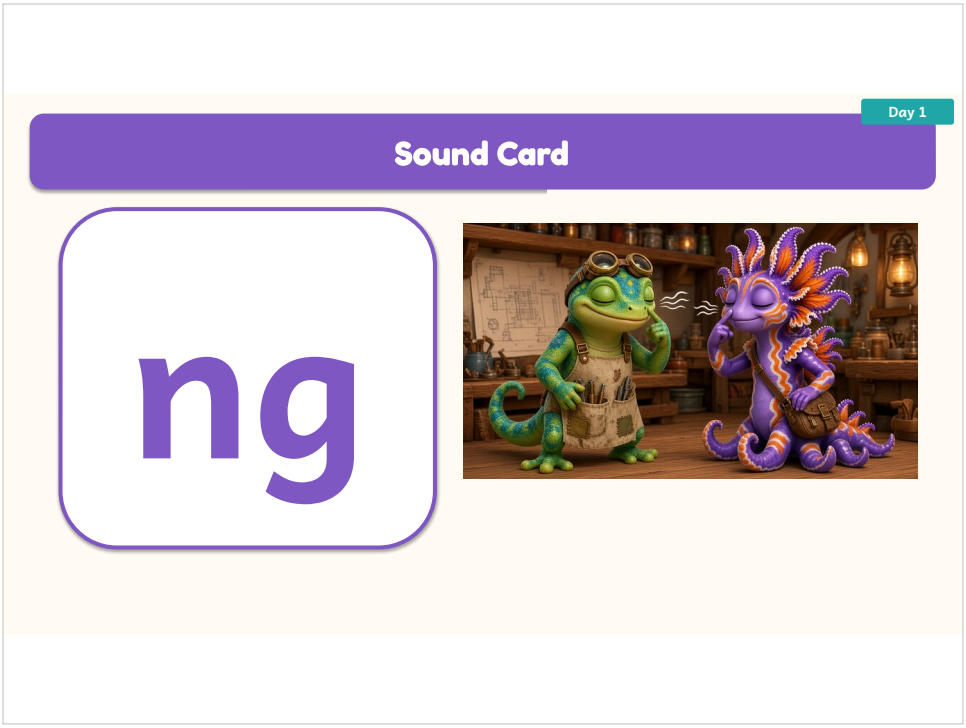

Introduce the mascots. Zip is a gecko inventor. Frill is a dramatic sea slug. Both names are decodable: students can read them!

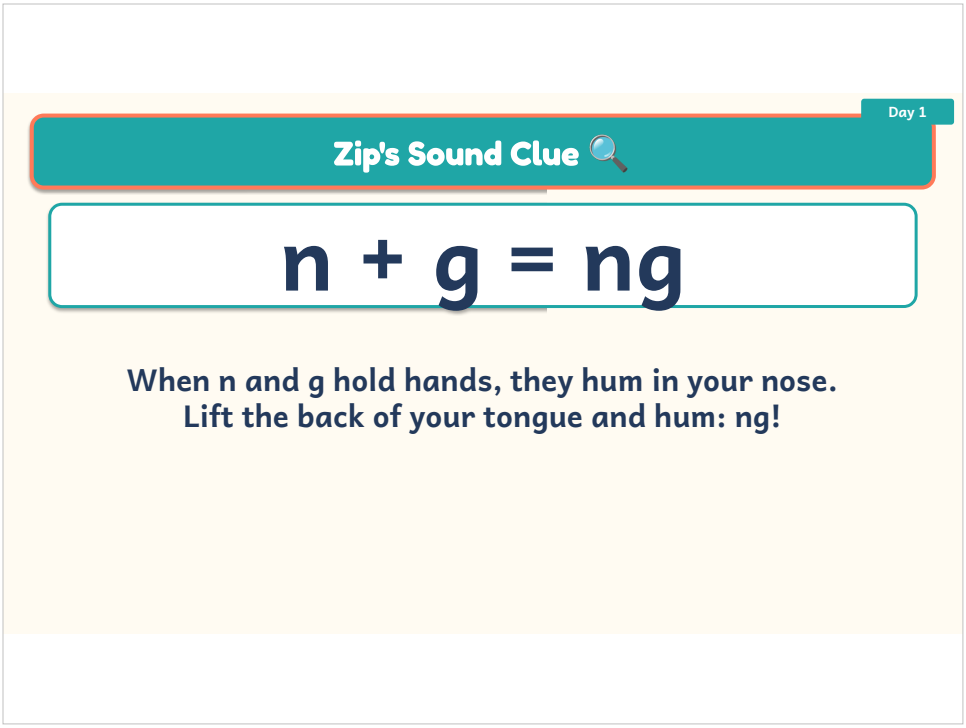

Opener cartoon (3 min): 'Zip and Frill: The Ring Thing Goes BONK!' (5 Cartoon folder: ng_cartoon_v3.mp4).
INSERT VIDEO: In PowerPoint/Slides use Insert > Video and pick ng_cartoon_v3.mp4, then delete this placeholder box.
BEFORE: 'Zip's gadget only listens to one sound. Help them when they say HELP US!' DURING: Pause is built in at each Help-us prompt; cheer the class on. AFTER: 'What sound fixed the Ring Thing?' (/ng/)

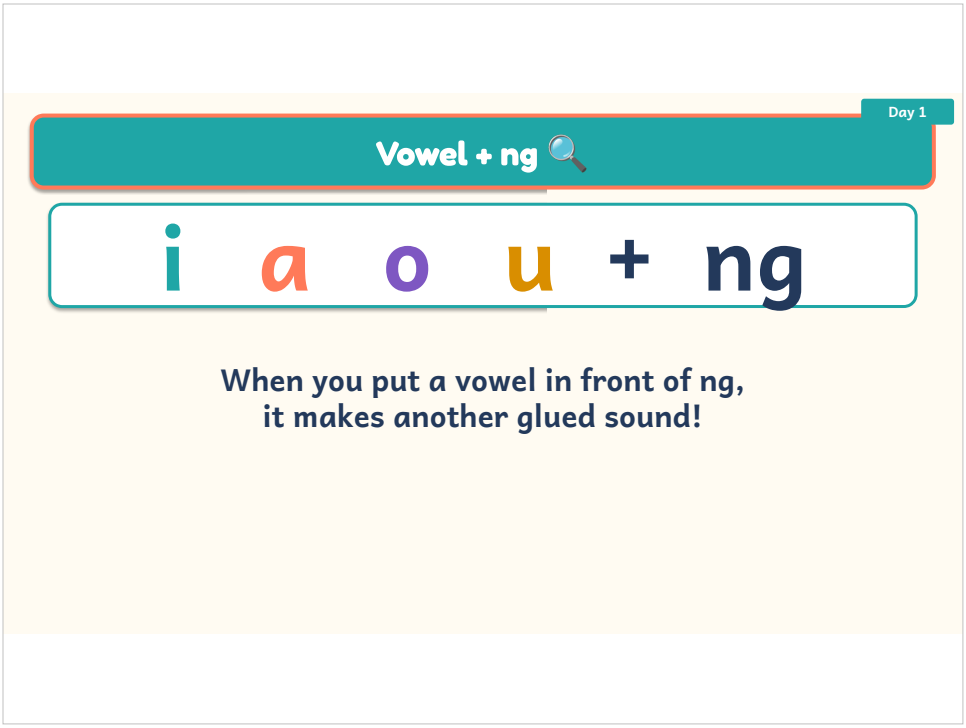

WARM-UP · Digraph review (3 min). Quick review of last unit (Unit 05 digraphs).
WARM-UP: 3 sea breaths like Frill (in through the nose, out like a wave).
SAY: 'Last unit we learned digraphs: two letters that make ONE sound.'
TOP ROW: point to each digraph; students say the sound: /sh/, /ch/, /th/, /k/, /w/, /f/.
th / th: 'th has two sounds. Quiet th: put your tongue out and blow, no voice (thin). Buzzy th: same tongue, voice on, feel your throat buzz (this).'
WORDS: point to each word tile; students read it chorally. Then call on 2-3 students to read a column alone.
ERROR FIX: If a child reads the letters

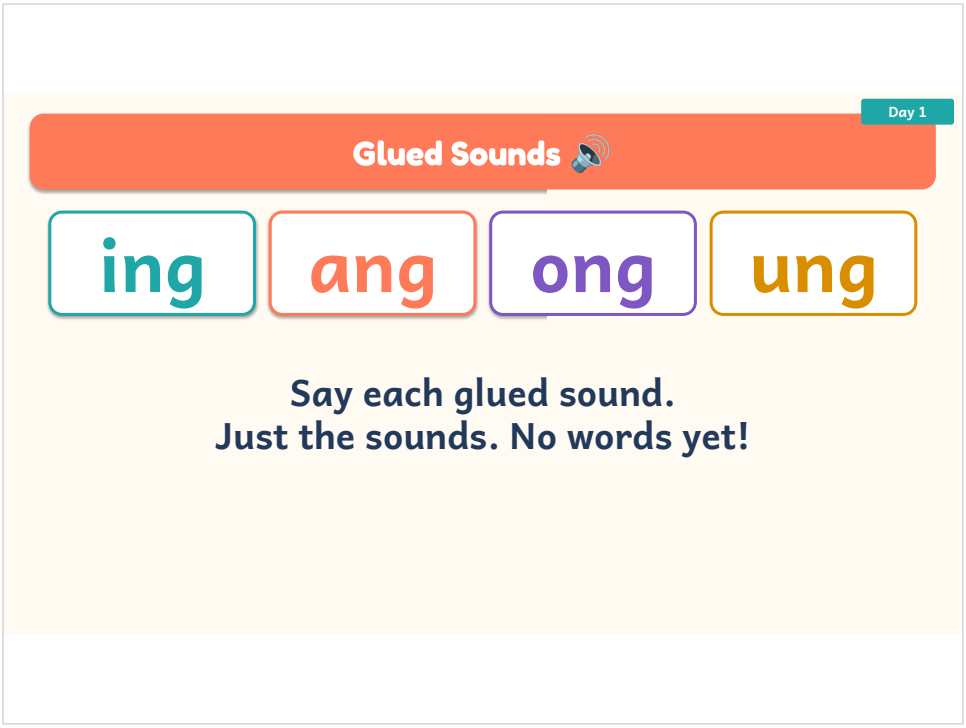

I DO · Meet ng by itself (2 min). No vowel in front yet.
SAY: 'This is n and g together: ng. Today we say it all by itself, with no vowel in front: /ng/.'
MOUTH CUE: 'Open your mouth a little. Lift the BACK of your tongue up to touch the soft roof at the back of your mouth. Keep it there and hum: /ng/. The sound comes out of your nose, not your mouth.' Touch your nose and feel the buzz.
SAY: 'It is not /n/. For /n/ the tip of the tongue goes up. For /ng/ the back of the tongue goes up. And there is no guh at the end.'
WE DO: Say /ng/ together 3 times: long, short, long. Fingers on noses.
YOU DO: 3-4 students say /ng/ alone

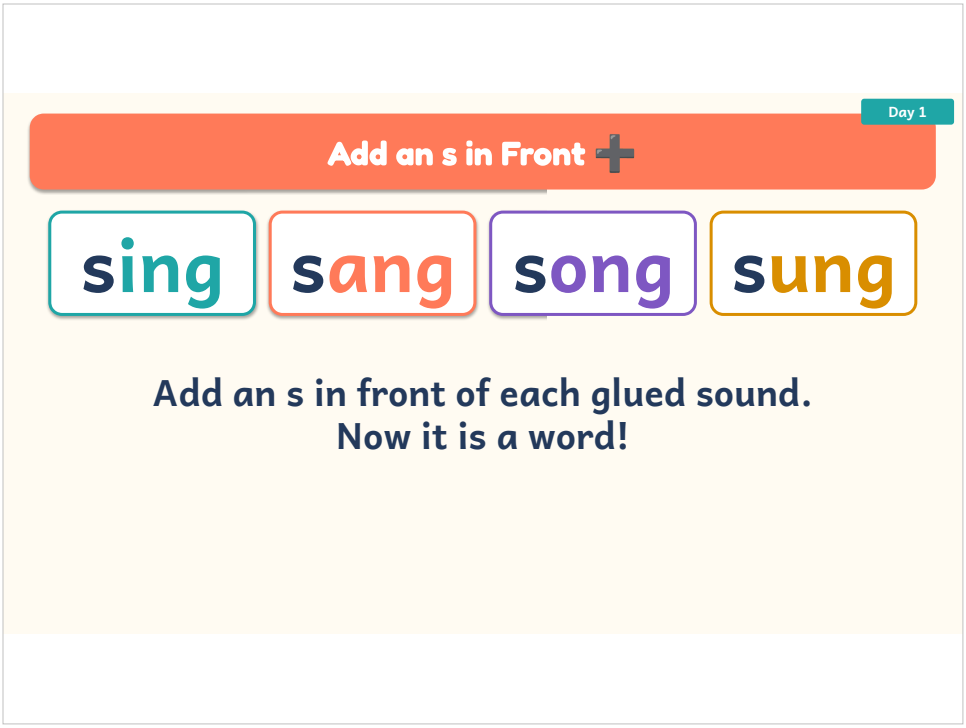

Zip's Sound Clue (teacher reads, 1 min). Zip the inventor has a clue about how ng works.
I DO: 'Zip found a clue! When n and g sit together, they hold hands and make ONE new sound: /ng/. You can't hear the n or the g alone. Lift the back of your tongue, put a finger on your nose and hum: /ng/. Feel the buzz? That is the nose hum!'
WE DO: Everyone touches noses and says /ng/ three times, long and short.
ERROR FIX: If a child says /n/ + /g/ ('n-guh'), say 'Glue them! No guh at the end. Listen: /ng/. Your turn.'

I DO · A vowel in front of ng (1-2 min).
SAY: 'ng can say its sound all alone: /ng/. When you put a vowel in front of ng, it makes another glued sound.'
Point to i, a, o, u: 'These are vowels. When a vowel sits in front of ng, the vowel and ng stick together like glue. We do not pull them apart. We say them as one chunk.'
SAY: 'Next we will hear four glued sounds. Just the sounds. No words yet!'
WE DO: Students say 'Vowel in front: glued sound!' and clap once.
ERROR FIX: If a child starts reading words, smile and say 'Sounds only for now. Words come next!'

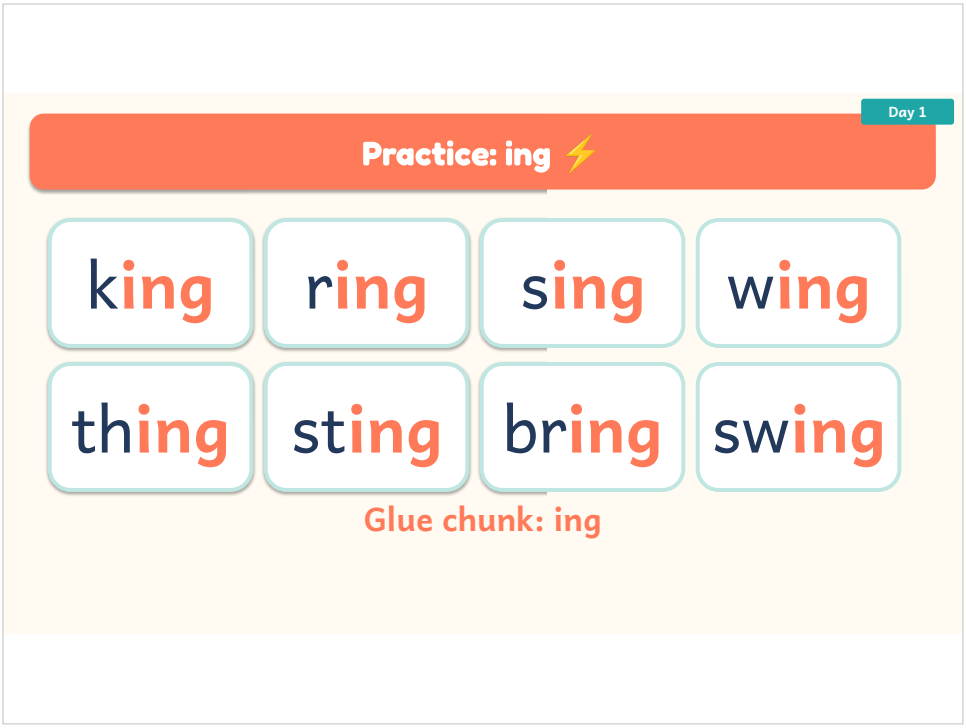

I DO / WE DO / YOU DO · The four glued sounds, sounds only (2 min). Say them in this order: ing, ang, ong, ung.
I DO: Point to each box. 'i in front of ng: ing.' Students echo: 'ing.' 'a in front of ng: ang.' Echo. 'o in front of ng: ong.' Echo. 'u in front of ng: ung.' Echo. Keep the hum to the end; no /g/ pop.
WE DO: Say all four together in order twice: ing, ang, ong, ung. Then point out of order.
YOU DO: Call on students to say the one glued sound you point to.
Do NOT add letters or read words yet. That is the next slide.
ERROR FIX: If a child splits it ('i-n-g'), cover the box and slide your hand open: 'Glued! My

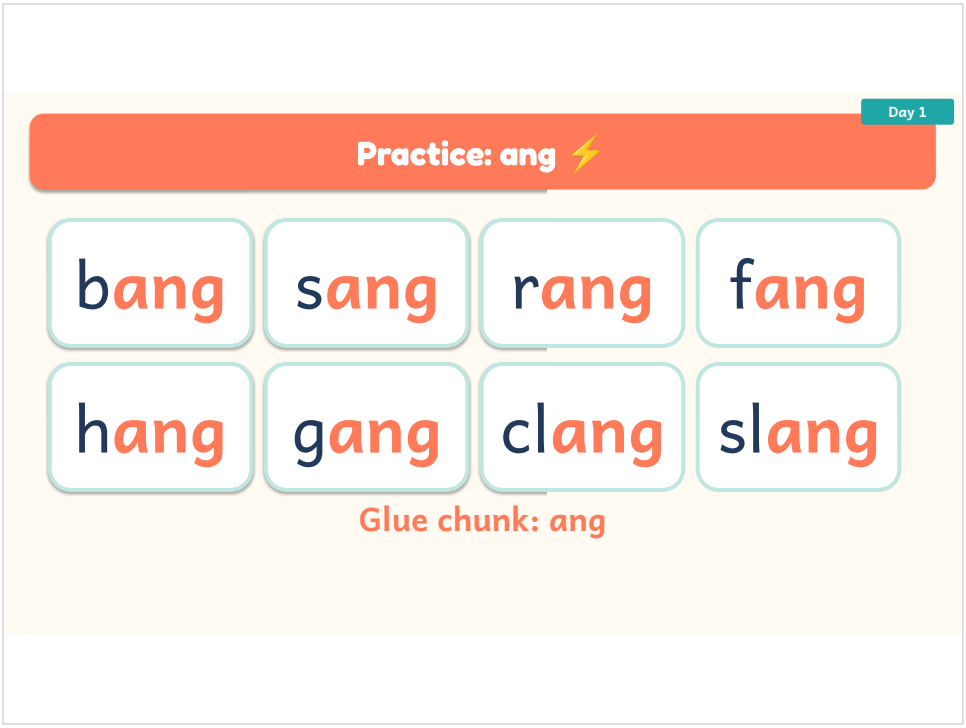

I DO / WE DO / YOU DO · Add an s (2 min).
SAY: 'Now let's add an s in front.' Point to sing: '/s/ … ing … sing!' Sweep under the word. Then: '/s/ … ang … sang.' '/s/ … ong … song.' '/s/ … ung … sung.'
WE DO: Read all four together: sing, sang, song, sung. Ask: 'What changed? Only the vowel!'
YOU DO: Point in random order; students read each word alone.
ERROR FIX: If a child reads sing for sang, cover the s: 'What glued sound? ang. Add /s/: sang.'

I DO / WE DO: 'New first sound! /k/ … ing … king!' Slide your hand under the chunk first, then sweep the whole word.
SAY: 'Same glued sound, new letter in front. Let's read more ing words.'

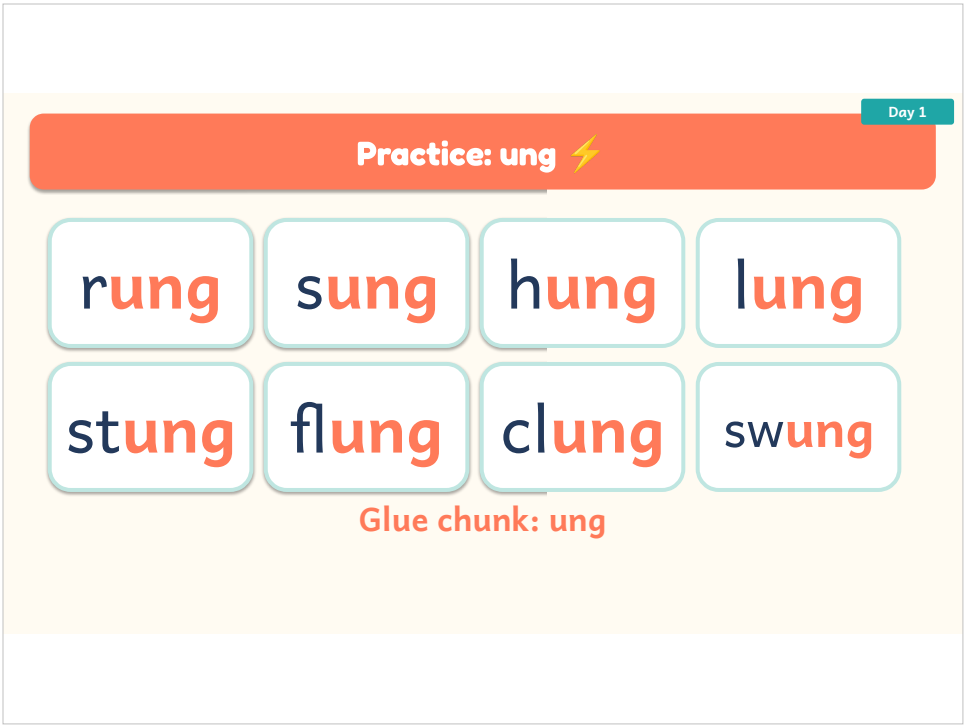

Word list: ing words only (no mixing yet).
I DO: Point to the colored chunk. 'Every word here has ing.' Read ring slowly: front sound, then ing, then the whole word.
WE DO: Read every word together: tap the front sound, swipe under ing, read the whole word.
YOU DO: Each child reads 2 words alone, then partners read the whole list.
ERROR FIX: If a child misreads, point to the chunk: 'What's the glue chunk? (ing). Now add the front sound.' Cover the front sound, say ing, then uncover and re-read.

Word list: ang words only (no mixing yet).
I DO: Point to the colored chunk. 'Every word here has ang.' Read sang slowly: front sound, then ang, then the whole word.
WE DO: Read every word together: tap the front sound, swipe under ang, read the whole word.

YOU DO: Each child reads 2 words alone, then partners read the whole list.
ERROR FIX: If a child misreads, point to the chunk: 'What's the glue chunk? (ong). Now add the front sound.' Cover the front sound, say ong, then uncover and re-read.

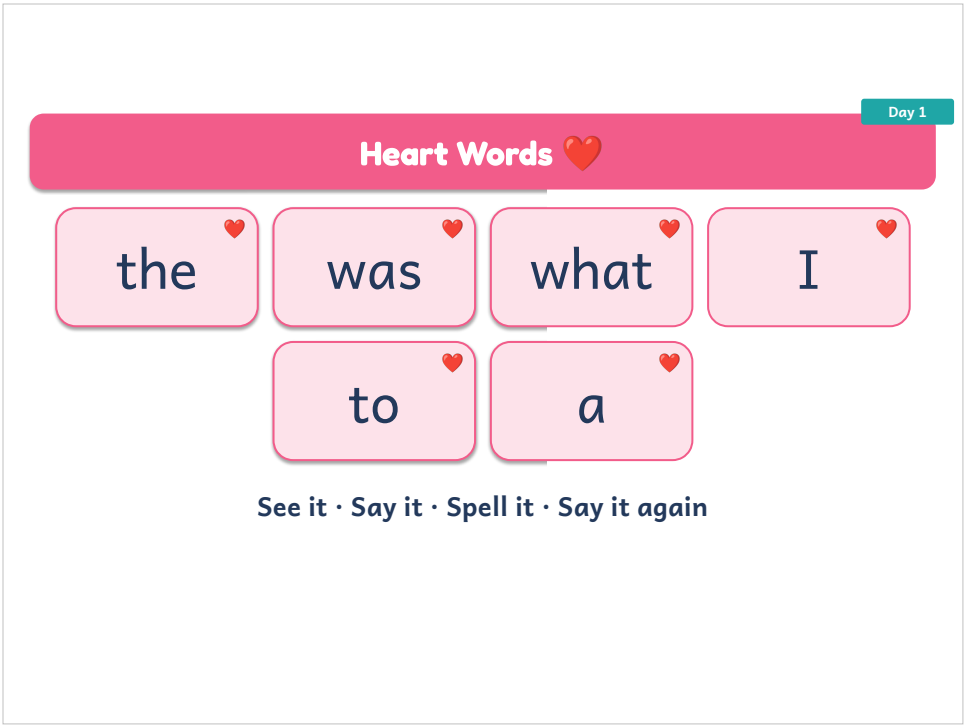

Word list: ung words only (no mixing yet).
I DO: Point to the colored chunk. 'Every word here has ung.' Read sung slowly: front sound, then ung, then the whole word.
WE DO: Read every word together: tap the front sound, swipe under ung, read the whole word.

ERROR FIX: If a child misreads, point to the chunk: 'What's the glue chunk? (ung). Now add the front sound.' Cover the front sound, say ung, then uncover and re-read.

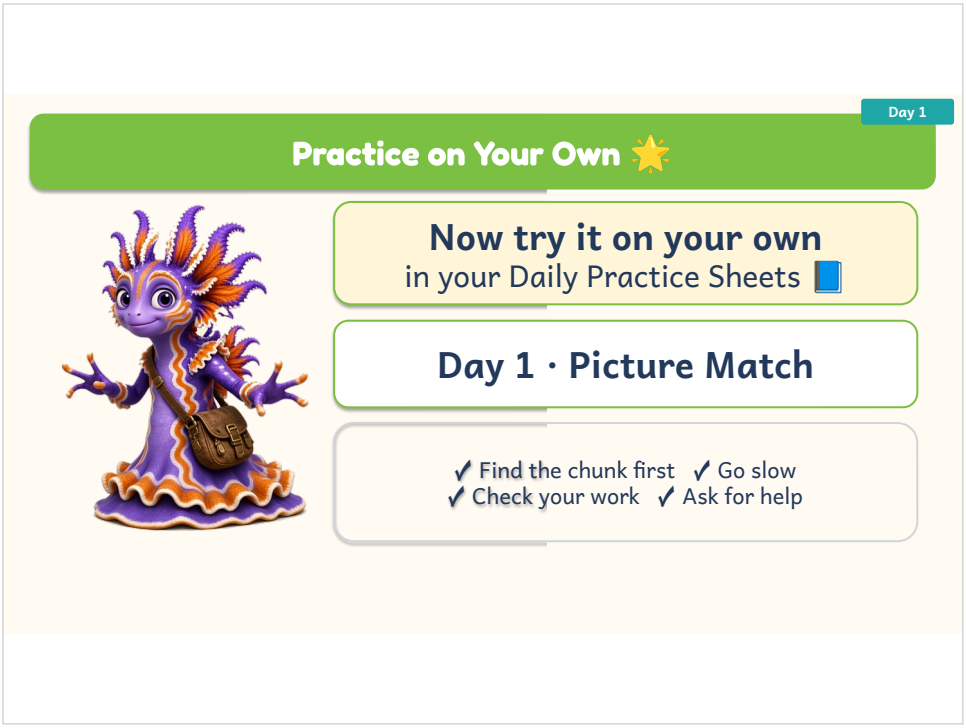

WE DO (choral, then partners): 'Find the glue chunk first. Then add the front sound. k … ing … king!' Pre-correct before choral reading.

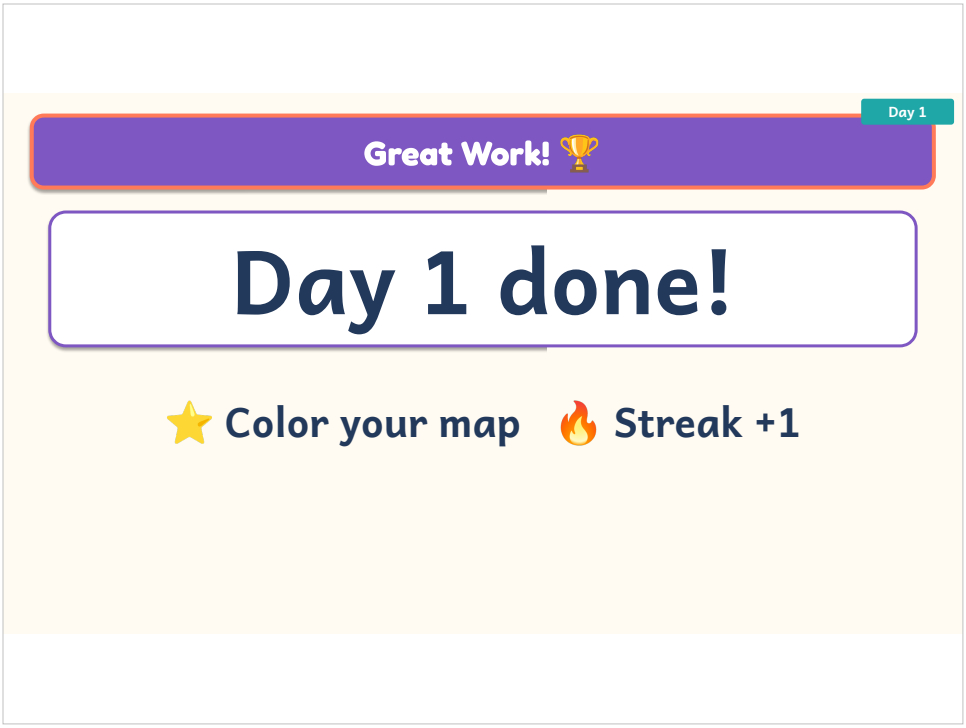

YOU DO: students whisper-read each word, then read to a partner. Circulate and listen to 4–5 students.

Heart Words (2 min): the, was, what, I, to, a. These words have a tricky part we learn by heart. We will see them in our sentences and story.
For each word: SEE IT (point), SAY IT (students repeat), SPELL IT (say each letter while tapping), SAY IT AGAIN.
HEART: point to the tricky part and draw a heart over it (the e in 'the' says /uh/; the a in 'was' and 'what' says /u/; the o in 'to' says /oo/; 'I' and 'a' are one-letter words). 'The rest of the word follows the rules; the heart part we just have to know.'
Quick flash: point to the words out of order; students read them fast.

PRACTICE ON YOUR OWN · Independent practice (5-8 min). Students now do independent work.
SAY: 'Now try it on your own in your Daily Practice Sheets. Turn to Day 1: Picture Match.'
Amount: 1-2 practice pages, about 5-8 minutes. Read the directions together, do item 1 together, then students work alone.
TEACHER: circulate; listen to 2-3 students read their words aloud. Prompt with Power Moves (find the chunk, go slow, re-read). Do not correct for them; point and say 'Check that one.'
FINISH: each student shares one win and one Power Move they used, then ticks the checklist (the checklist)

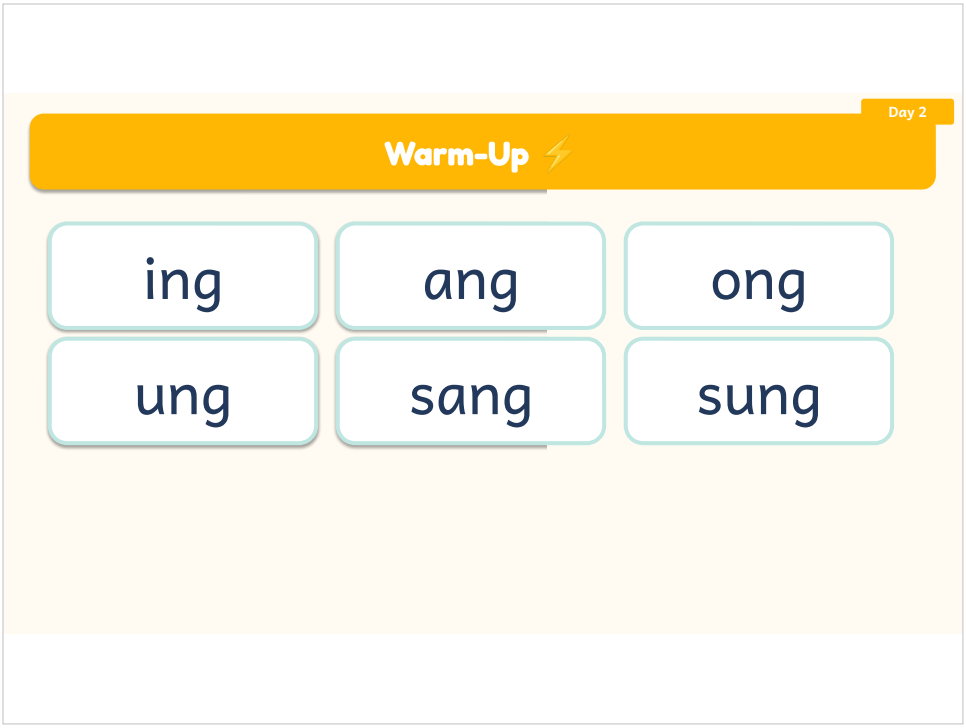

GREAT WORK (1 min): 'You completed Day 1!' Color Day 1 on the Progress Map, add 1 to the streak, name one Power Move you used. Celebrate effort, not speed.

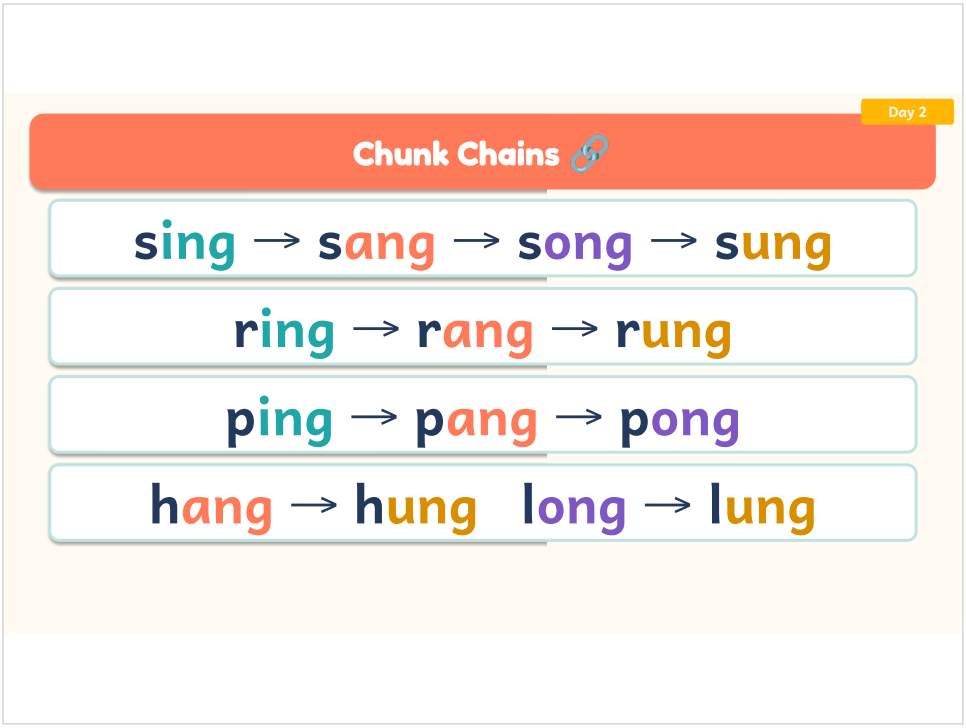

Day 2 - Build & Read. Divider slide: show while students get materials ready.

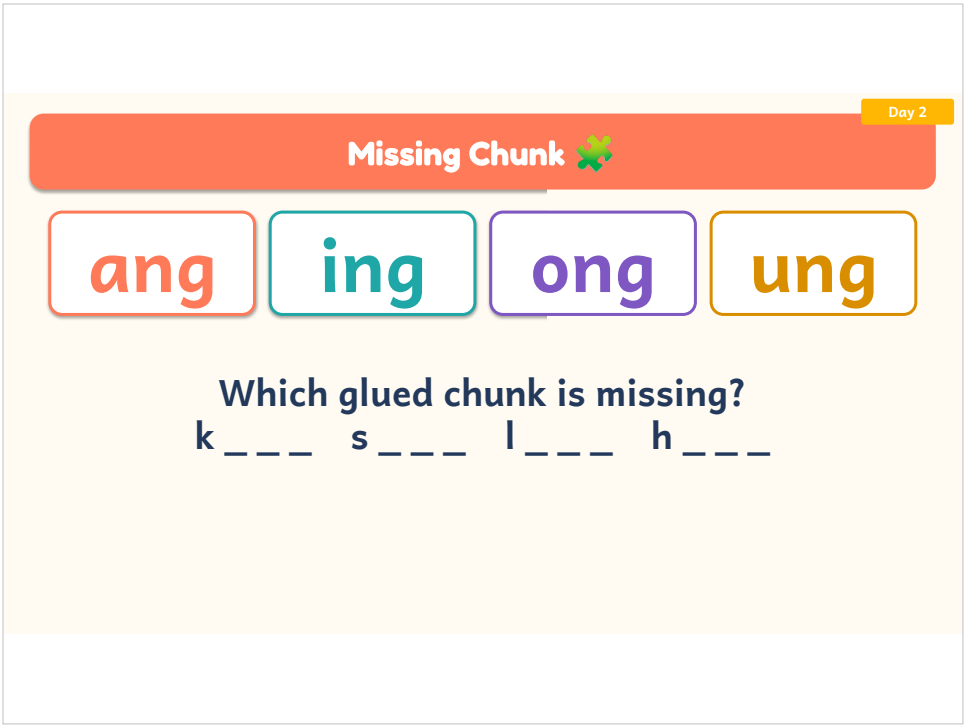

Day 2: Build & Read. Focus: chunk chains (change only the vowel), missing chunk, word building with new starting letters, mixed words, island sort, phrases and short sentences, quick check. Heart words: no, of, is, the, a.
Materials: Slides Day 2 · chunk cards · letter tiles s r h b k l t w · whiteboards · Daily Practice Sheets, Day 2.
GET READY (2 min): packets out, start the class timer.

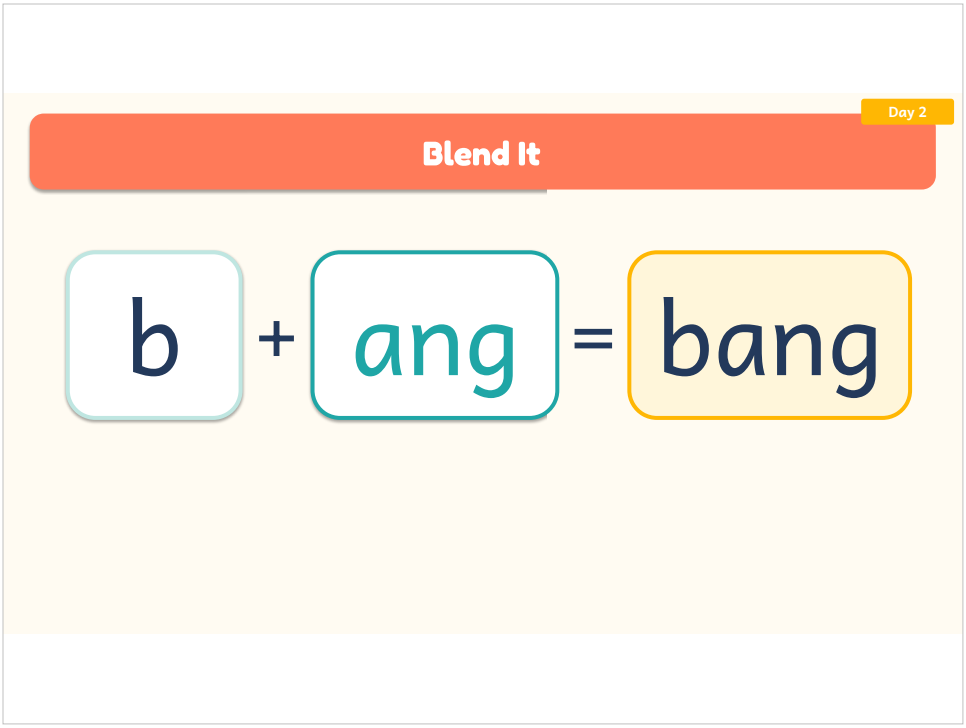

WARM-UP (3 min): 5 frill waves: wave both arms slowly over your head.
Then point to each tile; students say the sound or read the word (choral).

Chunk chains (3 min): change only ONE thing, the vowel.
I DO: Read the first chain: 'sing. Change i to a: sang. Change a to o: song. Change o to u: sung.' Touch the vowel each time.
WE DO: Read each chain together. After each word, students name the vowel that changed.
YOU DO: Partners read a chain to each other, then build it with letter tiles, changing one tile at a time.
ERROR FIX: If a child reads the old word again, point to the vowel: 'What is the vowel now? So the glued sound is…?'

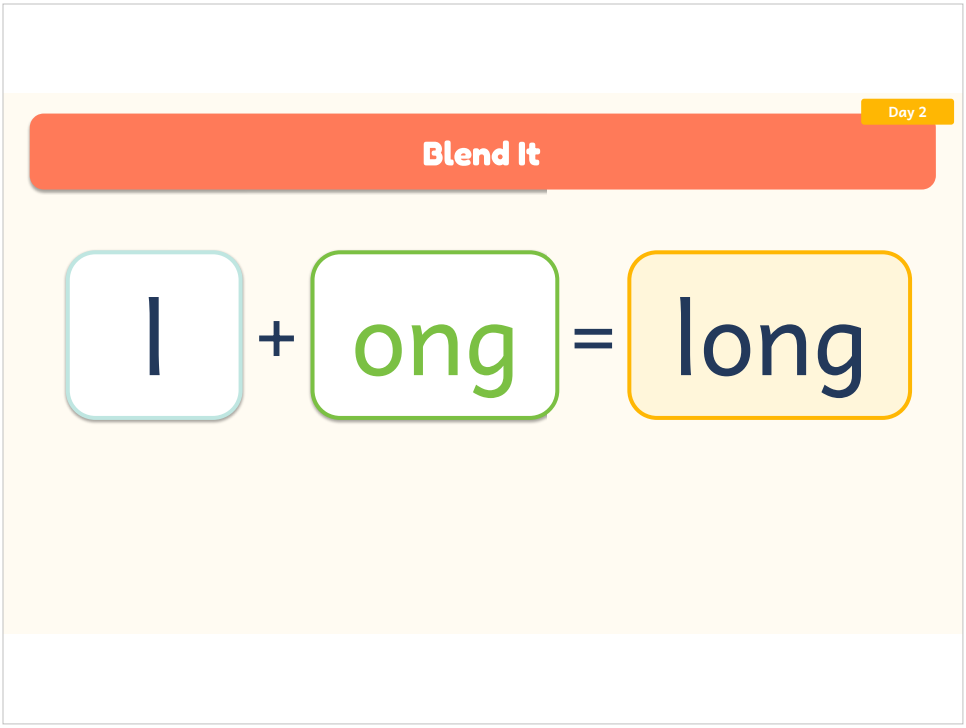

Missing chunk (3 min).
I DO: 'I say king. k… what is missing? I hear ing.' Point to the ing box.
WE DO: Say sang, long, hung. Students repeat the word, then point to the missing chunk on the slide (ang, ong, ung).
YOU DO: Say wing, rang, gong, stung, bring, clang. Students write ONLY the missing chunk on whiteboards; show on 'Show me!'.
ERROR FIX: If they write 'n' alone, say 'Feel the nose hum: that is ng, two letters glued.' Re-say the word slowly, then rewrite.

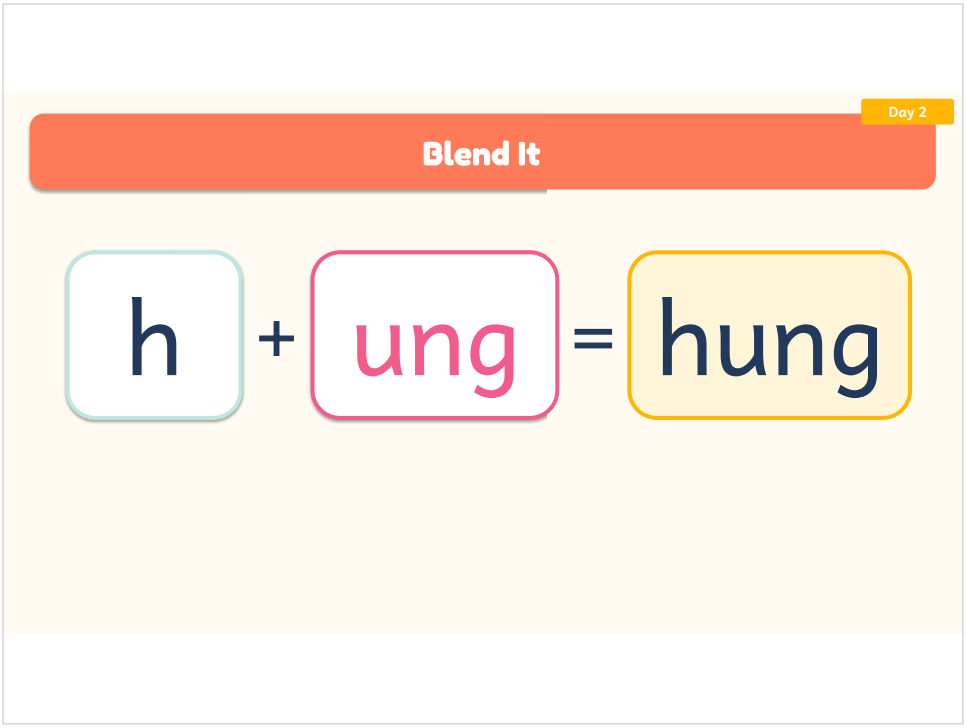

Word building (keep the glued chunk, change the starting letter).
I DO / WE DO: '/b/ … ang … bang!' Slide your hand under the chunk first, then sweep the whole word.
BUILD: With letter tiles, keep ang and swap the first letter: bang → hang → rang → sang → fang. Students read each new word.

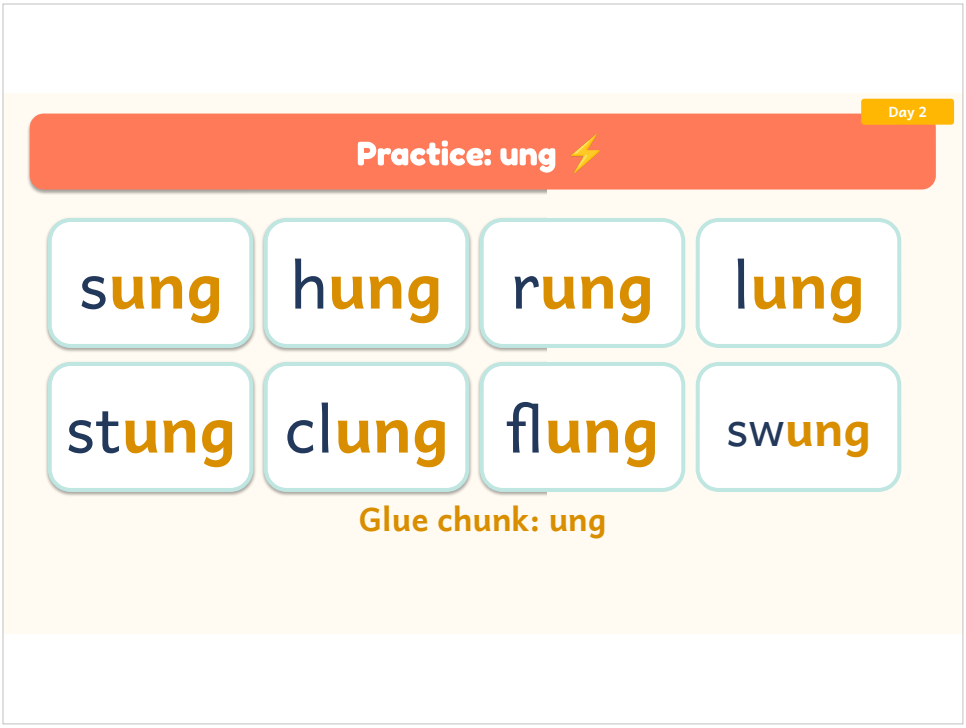

Practice: -ang words only.
I DO: Point to the colored chunk. 'This is ang. It is glued: we say it together, never split it.' Read clang slowly: front sound, then ang, then the whole word.
WE DO: Read every word together: tap the front sound, swipe under the ang chunk, then read the whole word.
YOU DO: Each child reads 2 words alone. Then partners take turns reading the row.

WE DO: Read each word together: name the chunk (ang/ing/ong/ung), then read the word.
YOU DO: Children read the words in a random order you point to. Fast finishers sort them by chunk.
ERROR FIX: If a child swaps vowels (sang→sung), point to the vowel: 'What sound is a? ... ang. Now read it.' Then re-read the word.

I DO: sort 2 words aloud ('song … ong … ong island'). WE DO: students say which island for the rest. Fast finishers: Word Sort page (Day 2 practice sheets).

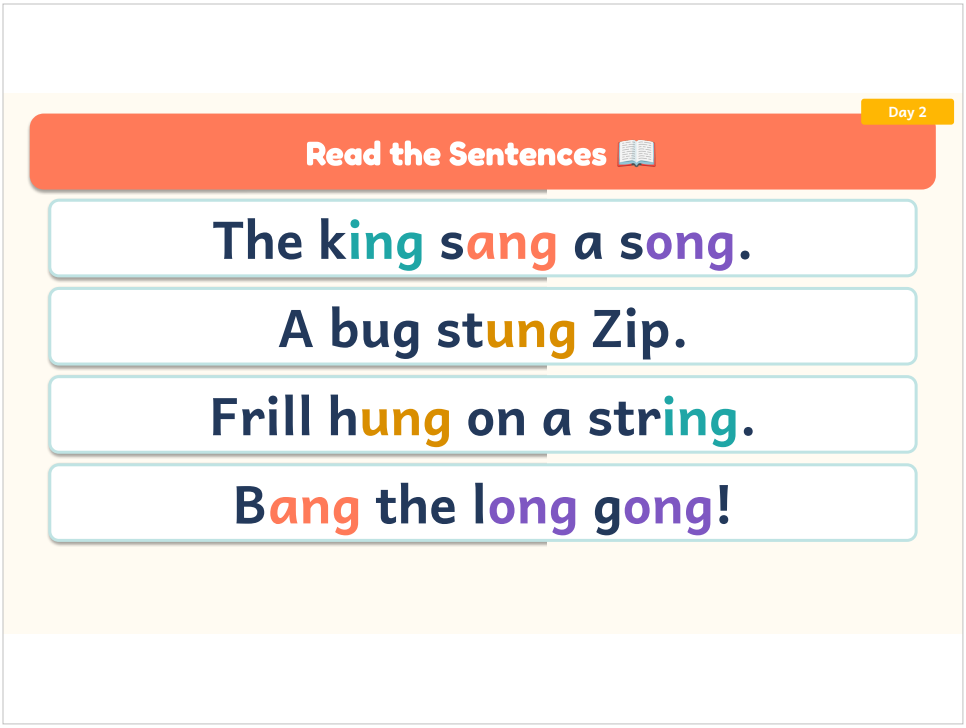

Heart Words (2 min): no, of, is, the, a. We will see these in today's phrases and sentences. For each word: SEE IT (point), SAY IT (students repeat), SPELL IT (say each letter while tapping), SAY IT AGAIN.
HEART: point to the tricky part and draw a heart over it (the o in 'no' says its name; the o in 'of' says /u/ and the f says /v/; the s in 'is' says /z/; the e in 'the' says /uh/; 'a' is a one-letter word). 'The rest of the word follows the rules; the heart part we just have to know.'

Page 2 – Meet ng

A: trace ng, ing, ang, ong, ung; write each two times.
B: circle ding, pong, tang, rung, sling, bong. Not ng: dig, pod, tan, rug, slip, bog.

Page 3 – Add *a* Sound in Front

1 sing 2 sang 3 song 4 sung 5 ding 6 pong 7 rung 8 tang

Page 4 – Glued Sound Sort

ing: zing, ding, sling
ang: pang, tang, slang
ong: pong, tong, bong
ung: rung, slung, flung

Page 5 – Read It & Draw It

Heart words to mark: *a* long song (*a*) | Zip sang to Frill. (to) | What was that bong? (What, was)
I hung the bag on *a* peg. (I, the, *a*) | Draw: A bell went ding, dong. (A) | Frill sang *a* song. (*a*)
Drawings vary: *a* ringing bell, Zip hanging up *a* sock, Frill singing.

Teacher notes

Use after the Day 1 slideshow (Meet ng), about 15 minutes. Pages 1–3 first; 4–5 if time.
Glued sounds stay together: say ing, ang, ong, ung as one unit, then add the front sound.
If a child says n + g ("sin-guh"): hum through the nose, no guh at the end.
Heart words (the, was, what, I, to, *a*): tell the word, child says it, spells it, says it again.

All words use sounds taught through Day 1 plus the heart words the, was, what, I, to, *a*.

Answer Key: Day 1, Day 2 extras, Day 3

Day 1 · Picture Match

1 ring 2 king 3 wing 4 song 5 sing 6 lung 7 bang 8 strong. Child finds the glued chunk first.

Day 2 · Pages 1-6 (Day 2 supplemental worksheets)

See the Day 2 answer key and teacher notes pages that follow.

Day 2 · Missing Chunks

1 r-ing (ring) 2 k-ing (king) 3 w-ing (wing) 4 s-ong (song) 5 s-ing (sing) 6 l-ung (lung) 7 b-ang (bang) 8 str-ong (strong)

Day 2 · Word Sort

ang: bang, sang, rang ing: king, ring, wing ong: song, long, gong ung: hung, lung, sung

Day 3 · Speed Run

Count words read correctly in 1 minute. Compare only to the child's own best. Smooth beats fast.

Day 3 · Comic Parts 1-3

Read each part 3 times (I do, we do, you do with partners). Talk: What does the Ring Thing do? How does Frill help?

Day 3 · Unit 3 Check: ng (one-to-one, no hints)

Part A read: 1 sing 2 bang 3 long 4 hung 5 strong.
Part B spell (say word, phrase, word): 6 king "the king sat" 7 rang "the bell rang" 8 song "sing a song" 9 lung "a big lung" 10 wing "a bug wing".
Score /10: 9-10 ready for Lesson 3.2 (nk). 7-8 review with the Day 2 practice slides, then re-check missed items. 6 or below: re-teach Day 1 in a small group (sound card, glued sounds), then re-check.

Error patterns

Says n + g ("sin-guh"): reteach the nose hum, no guh at the end. Vowel swaps (sing/sang/song/sung): word chains changing only the vowel. Writes n only ("sin"): chunk dictation, write ing as one unit.

Key 2

Teacher Notes

Day 2

Suggested timing: 15–20 minutes (use as supplemental practice after the Day 2 slideshow)

1	**Chunk Chains** Add a first letter to the chunk, write the word. Then change the vowel.	3–4 min
2	**Missing Chunk** Choose the chunk that fits the sentence and write it.	3 min
3	**Island Sort** Read each bank word, write it on the island with its chunk.	3–4 min
4	**Match, Read & Draw** Match picture to word, then read and draw each sentence.	3–4 min
5	**Phrases & Sentences** Read each phrase 3 times, then read the sentences; heart words get a heart.	2–3 min
6	**Quick Check** Circle chunks, write heart words, read one sentence to the teacher.	2 min

Error-correction tips

Say "Stop. Find the glued chunk." Point to ing, ang, ong or ung. Have the child say the chunk first, then blend the first letter(s) with the chunk, e.g. "s-tr-ong, strong".

Mixing up ing / ang / ong / ung: cover the first letters and read the chunk alone. Compare two words that differ only in the vowel (sing - sang - song - sung). Say them together.

Reading ng as n + g ("sin-guh"): model the glued sound, hum through the nose, no separate g.

Missing-chunk items: have the child read the whole sentence back to check if it makes sense.

Heart words (the, a, to, I, was, what): tell the word if the child stalls, then have the child say it, spell it, and read it again. Do not sound them out.

Self-correct: praise the catch ("You fixed that!"). Do not tell the answer first.

If a child gets 3 or fewer right on page 6, reteach the missed chunk with the slide 24 and 33 practice and give the Quick Check again the next day.

Note: if a child needs more time, do pages 1–3 now and 4–6 later. Drawings on page 4 can vary.
